

INAOE

Design of a time-to-digital converter to be used as a phase detector in a PLL in 65 nm technology

by

Luis Guillermo Macias Rojas

A dissertation submitted as a partial fulfillment of the
requirements for the degree of

Master of Science in Electronic Engineering

At the

National Institute for Astrophysics, Optics and Electronics

September 2025

Tonanzintla, Puebla

Advisor:

Dr. Guillermo Espinosa Flores-Verdad

Principal research scientist at INAOE
